THE WORLD'S FINEST  EYEWEAR COLLECTIONS

# Goodbye smudge...

and welcome to the world of Clear! Clearlens is a family run business that has been proudly winning the battle against smears and serving the optical & promotional industry for over two decades. Clearlens continues to be a leader in all things optical and microfiber. Our mission at Clearlens has always been the same: customer service beyond expectations and over-deliver with the highest quality of goods.

Join the Clearlens family today and we promise to earn your business for life.

Don't smudge all things, clean all things with Clearlens!

Christina Kim  
CMO | Clearlens

## Dedicated to Quality.

Not all microfiber is equal. At Clearlens, we always use the finest quality microfiber available. We continuously research the latest in microfiber technology, and are always one step ahead of the competition.

Quality down to the fiber. These microscopic photos show the consistencies in our microfiber as well as size. Our microfiber synthetic polymers are much longer and thinner than what you will find in cellulose fibers for maximum binding.

## New Collection, New Colors

Need to do away with the ordinary? Get creative and splash into the new collection and colors from Clearlens. With over 20 different colors and ink options to choose from, you can mix and match to your heart's content.

Here at Clearlens, we only use the BEST! All of our inks are imported from Germany and are tested and approved to be safe for ALL type of surfaces. We can't attest for our competitors but the Choice is Clear. Stay in the clear with Clearlens as we promise to keep innovating and developing products that fit our ever changing world.

# Microfiber Cleaning Cloths

Our clients find our passion and enthusiasm for microfiber to be a bit crazy and over-the-top. Frankly, we take everything to the macro level for all our microfibers! From cleaning to promoting, Clearlens will help you stay clear, deliver your message, and leave a lasting impression that customers won't forget.

## SILKY

Smooth Move Clearlens! This is Clearlens' silkiest and most economical way of cleaning.

Sizes: 6" x 7"

as low as

\$**0.34/each**

Univers were perfectly suited to this period, and their use reflected another pervasive force of the age – the coming of mass travel and modern consumerism.

Helvetica is a font of such practicality – and, its adherents would suggest, such beauty – that it is both ubiquitous and something of a cult. The typeface even inspired a compelling and successful movie (Gary Hustwit’s *Helvetica*), whose premise is that on the streets of the world, the font is like oxygen. You have little choice but to breathe it in.

A few years ago, a New Yorker called Cyrus Highsmith put his life on the line by trying to spend a day without Helvetica. As a type designer himself, he knew it was a challenge. Whenever he saw something spelled out in the typeface he would have to avert his eyes. He wouldn’t take any Helvetica-signed transport, nor buy any Helvetica-branded products. He might have to walk into New York City from its suburbs; possibly go hungry all day.

His troubles began as soon as he climbed out of bed. Most of his clothes had washing instructions in Helvetica, and he struggled to find something that didn’t; he settled, eventually, on an old T-shirt and army fatigues. For breakfast he had Japanese tea and some fruit, foregoing his usual yoghurt (Helvetica label). He couldn’t read the *New York Times* as that had Helvetica in its tables. The subway was out of the question, though to his relief he found a Helvetica-free bus.

At lunch he thought he’d try Chinatown but had to switch restaurants as the first had a familiar-looking menu. At work he had, in advance, deleted Helvetica

from his computer so he couldn’t – obviously – browse the Internet or go back home because he couldn’t

consistently read the new US dollar bills. Helvetica on his credit cards, too. He couldn’t watch TV but the controls were in Helvetica. He’d read *The Long Goodbye* by Raymond Chandler.

On Helvetica day, Highsmith asked, “Do you need type in the way one would use Helvetica to conduct an interview?” The answer: “No.”

What do you do? His answer: “Nothing.” He said, “I’m sure you can do it.”

Urban Helvetica. North of the font’s genealogy, of whom could the alphabet got to be Helvetica.

The best seen Helvetica way through. The why Helvetica had and corporate brand remarkable it must have taken a tradition

## PREMIUM

Clearlens' most popular model. The Premium cloth is created with the perfect sophistication of softness and thickness

Sizes: 5.5" x 6.5" | 6" x 7" | 7" x 7.5"

as low as

# \$0.36/each

## PREMIUM PLUS

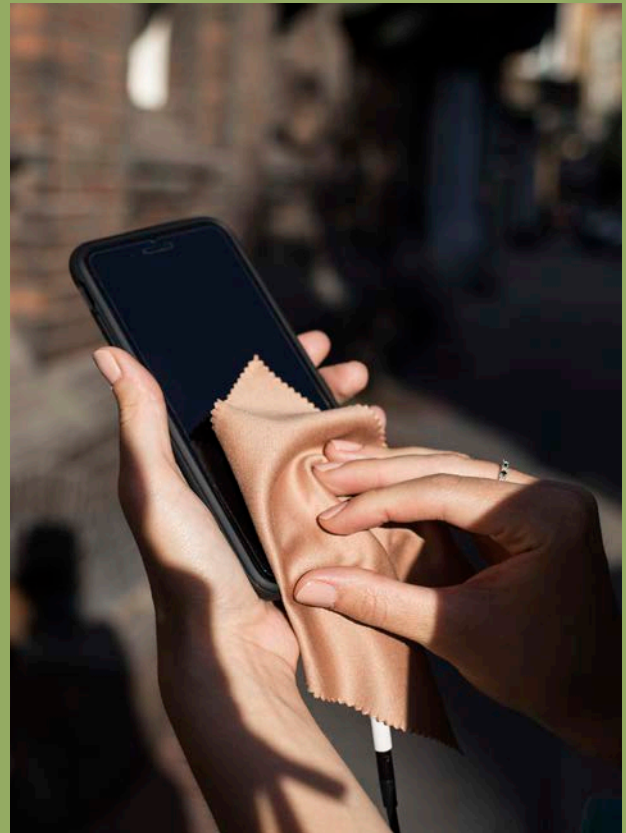

Need something extra durable? Premium Plus is refined with extra layers of fibers but still safe for all cleaning surfaces.

Sizes: 6" x 7"

as low as

\$ **0.44/each**

## NON-SLIP

Are you constantly losing your cloth? Our non-slip cloths grip on to surfaces and stay put. Great for laptops and tablets.

Sizes: 6" x 7"

as low as

\$ **0.41/each**

## CHAMOIS

Cleaning at its best! Change to the Chamois today and never turn back.

# Benefits of Clearlens<sup>®</sup>

✓ A one-stop shop for all branding needs

✓ Print with non-abrasive inks

✓ Safe for all surfaces, coatings (AR), & lenses

✓ Fast Turnaround Time

✓ Customer satisfaction is our #1 priority

## "Print with non-abrasive inks"

No one avoids using the printed area of a cleaning cloth, so we got you covered!

-  • Ink imported from Germany
-  • Doesn't raise up over time like inks you see on screen print t-shirts
-  • Doesn't wash off
-  • Worry-free & safe cleaning
-  • Will not damage coatings on lenses
-  • Offer one-color and full-color imprint
-  • one-color imprint colors we offer are black, blue, navy, green, red, brown, orange, & off-white.

**tip:** not sure what to print on your cloths? let our design team help you come up with a cloth that is just right for you

# Pouches & Cases

Our cases are durable and ready to protect your valuable pair of frames.
